"Rock Stars" is an engaging video that examines and celebrates the century-long history of achievements, advancements for women in exploration geology.

Her (Robbie Gries) most recent publication is the book: *Anomalies—Pioneering Women in Petroleum Geology: 1917-2017*. This culmination of four years of research beginning with the archives housed in Tulsa by the American Association of Petroleum Geologists (AAPG) and continuing until the book was complete as well as the Documentary "Rock Stars—Pioneering Women in Petroleum Geology" were debuted at the 100th anniversary of AAPG in 2017.
